Appendix B: Explanation of Data File Export Format

Data File Export Format

Counties using their own technology must convert their survey data to a standard export format before they are sent to the State (i.e., ASCII text - fixed width). The data must also be left-justified (i.e., a field value should start at the column position specified in the data dictionary and fill in the column spaces from left to right), with the exception of CCN (County Client Number) which is right-justified with leading zero's added to fill vacant columns in county client numbers with less than 9 characters. Below are a few example records which illustrate what the export format should look like.

	CCN (County Client Number)									DOB (Client Date of Birth)							
Column #	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17
Consumer 1	0	0	2	1	2	3	4	5	6	0	6	0	9	1	9	5	5
Consumer 2	9	8	7	6	5	4	3	2	1	1	1	1	7	1	9	6	0
Consumer 3	0	Y	7	6	5	4	3	2	1	0	0	0	0	1	9	5	5

CCN

Consumer 1 and *Consumer 3* have county client numbers which are seven and eight characters wide instead of the nine characters allocated in the Data Dictionary (county client number widths vary across counties). Notice that the field values are right-justified with leading zero's added to fill vacant columns in CCN's with less than 9 characters.

DOB

Notice for *Consumer 1* and *Consumer 3* the date values in the Date of Birth columns (positions 10-17) are in the MMDDYYYY format, have leading zeros, and do *not* include placeholders. For example, for *Consumer 1* notice that columns numbered 10 and 11 (which indicate month) and columns numbered 12 and 13 (which indicate day) each have a leading zero. *Consumer 3* has an estimated year of birth and zeros for month and day of birth. This conforms to the CSI requirements regarding missing date of birth information.

When the complete date of birth is unknown, as much of the date as is known shall be reported. If nothing is known, estimate and report an approximate year of birth and use zeros for the month and day. If only the age in years is known, calculate the year of birth and use zeros for the month and day. If the year and month of birth are known, but the exact day of birth is not, report the year and month only, and use zeros for the day.

Appendix D: Information Technology Web Services

The following information is for counties intending to collect survey data on their own (not using DMH provided technology options) and intending to upload their data (via internet) to DMH using the Information Technology Web Services (ITWS). The ITWS provides a secure environment for the transfer of confidential data. Counties will need to identify a single contact to upload their data. Counties that are not authorized to use this system will need to obtain authorization. To obtain authorization, please visit the DMH ITWS website at <http://www.dmh.ca.gov> and click on the "ITWS" menu option. At this site, you will find information on the function of the ITWS and how to begin enrollment. If you have any questions regarding the enrollment process for the ITWS, you may call the DMH ITWS Help Desk at (916) 654-3117.

Once the Child / Youth Survey text files are formatted according to the data dictionary specifications, the process for submission is as follows:

- All text files MUST be zipped.
- Zipped files do not need to be password encrypted since ITWS is a secure site.
- Zipped files MUST be named according to the following convention: CPODSccYYYYMM#SUBMITTAL.ZIP
 - ◆ CPODS = Child / Youth Performance Outcomes Data System
 - ◆ cc = County code
 - ◆ YYYYMM = Four digit year and two digit month that data were due
 - ◆ # = Submittal sequence number (1 to 9). Each file with a new YYYYMM will have a submittal number of "1." Anytime you have to resubmit this file during the same reporting period (most likely due to errors), the submittal number will increase by 1. The word "SUBMITTAL" must follow this number. For example, a file for the Child / Youth Performance Outcome Data System due on January 16, 2004 would be named: CPODS992004011SUBMITTAL.ZIP. If there is an error with this file and the file must be resubmitted with corrections, the new file will be named CPODS992004012SUBMITTAL.ZIP. You will notice the submittal number is now "2" since this is the second submission for the January 2004 deadline.

For technical questions related to the ITWS, please call the DMH ITWS Help Desk at (916) 654-3117.
